

Join Us On: 16th-18th November 10am-6pm Europe's Largest Virtual Show

Welcome to the future - Digital Age Expo

An Overview Of Our Virtual Digital Age Expo

Digital Age Expo is the one of the **largest and most effective virtual conference and B2B business shows** across Europe and the British Isles, utilising our virtual platform powered by TILLU.

Our virtual conference and business shows are events designed with you in mind to bring together members from a wide range of business sectors to promote their products, services, and brands.

The great thing with our virtual exhibitions is that they are far more cost effective, offering greater ROI and can reach larger audiences. They offer greater ability to speak to your potential prospects and your existing customers face to face via integrated video calls.

The event is high energy, positive, collaborative and open to businesses of all sizes who are looking to grow.

- Multiple opportunities to promote your business
- Attend live sessions including seminars, workshops and master classes
- Join in live networking sessions
- Share promotional videos
- Connect with existing and potential customers
- Schedule one to one meetings

... but don't take our word for it!

Here is what some of our exhibitors said:

"The look, feel and experience of the virtual exhibition was tremendous. It was professional, easy to navigate and engaging."

Leigh Harrison, Wisdoms

"I received many leads and had plenty of opportunities to promote my services. The whole experience was very intuitive."

Yewande Rolfe, Natural Fragrance Company

"I was stunned. I have done many face to face Trade Shows, this was my first on-line. My diary is now packed full with 4 – 5 demos a day for the next 3 weeks. All leads that I received as a result of Digital Age Expo."

Mark Bradshaw, Pronounce Media

The facts from July's show
