Formed in 1996, Netcetera is one of Europe's leading Web Hosting service providers, with customers in over 75 countries worldwide.

feature-3

As the premier provider of Datacentre Co-location, Cloud Hosting, Dedicated Servers and Managed Web Hosting Services in the UK, Netcetera offers an array of services designed to more effectively manage IT infrastructures. Our state-of-the-art data centre environment enables Netcetera to offer your business enterprise level co-location and hosted solutions.Providing an unmatched value for your budget is the driving force behind our customer service and managed infrastructure services. From our 16,000 square foot ISO27001 certified Data Centre facility located in the Isle of Man, we are able to deliver solutions that meet the needs of businesses of all sizes - through our expert IT personnel along with well defined ISO9001 processes to deliver reliable, cost-effective services. From single server to fully customized data center suites, we can provide companies the IT solutions they need to focus on their core business instead of managing servers, networks and firewalls often at a significant cost savings.

Quality management

For the last 7 years, Netcetera has retained the ISO 9001:2015 standard. Based on the operational processes implemented across our business, this accreditation shows that we understand the requirements (stated & expected) of our customers, and that we produce products and services which meet those requirements in an ever improving wayEnvironmental Management

Netcetera data centre has achieved certification to ISO 14001:2015, the environmental management system standard. ISO 14001 is an internationally-recognised accreditation for organisations that demonstrate superior environmental management. The certificate highlights Netcetera's ongoing commitment to both maximise the energy efficiency of its existing data centre estate and develop innovative new facilitiesSecurity management

Netcetera has achieved the ISO 27001:2013 certification, the only auditable international standard for information security management systems. The internationally-recognised standard provides assurance that Netcetera maintains the highest levels of security for our clients information assets.Netcetera Hosting
